PRESS RELEASE – Haji Bambang Joins Bali Peace Park Campaign

High profile Muslim community leader and 2002 Bali bombing hero Haji Bambang has joined the campaign for the Bali Peace Park. Haji Bambang and Association Vice Chairman Kevin Paltridge took part in a press conference today at the ex-Sari Club site at 9am where they inspected the new plans which have incorporated a museum proposed by the Bali Government.

Haji Bambang risked his own life during the 2002 bomb attacks as he helped coordinate the rescue efforts and search for survivors. Since then, Haji Bambang has worked with other Community leaders as a Muslim delegate to the Forum for Harmonious Religious Relations. The Bali Peace Park Association Inc looks forward to working with Haji Bambang to further promote interfaith cooperation and harmony.
